PENDANTS

Pendants have timeless elegance and are available in a large range of classical and avant-garde cuts and shapes, as well as in many colors and effects. Pendants offer a whole range of design possibilities for different segments thanks to their easy application, with the top hole requiring only a jump ring/pinch bail with a chain or cord. Due to the diverse range of sizes available, Pendants are ideal for creating jewelry sets such as necklaces, bracelets, and earrings.

In addition, a completely new pendant concept is now available: the half hole pendants. The customer can decide whether to buy the finished pendant with different metal pin shapes or the crystal alone, allowing customers to express their creativity with a customized metal part or the metal pin itself.

For details on available colors and effects for each article within the product groups, please see the product matrix of the respective item in the Collection 2016.
For color and effect samples, please see the corresponding color chart.

Classic Colors/Effects:
This color range offers a wide choice of traditional Swarovski crystal colors and effects.

Exclusive Colors/Effects:
This color range is offered exclusively by Swarovski.

The plating resistance of effects is tested according to Swarovski's plating guidelines (SWAROVSKI.COM/PROFESSIONAL). Customers are advised to carry out their own tests if customers' plating parameters diverge from Swarovski plating guidelines.

* Crystals are not resistant to plating and similar processing.
** Crystals are resistant to plating only if they are F-failed.
*** designed by Jean Paul Gaultier

Colors and effects can appear different when illuminated with different light sources. Swarovski uses standard light source D50 for color decision and comparison. Slight changes in shades are unavoidable. Colors may vary according to cut and foiling.

The composition of Advanced Crystal is compliant with regulatory industry norms and laws regarding the restriction or prohibition of certain substances in the most relevant segments of our customers. Please note that the compliance of the crystal colors Citrine, Fireopal, Hyacinth, Light Siam, Siam and Yellow Opal vary to certain industry regulations. Those regulations are indicated with an (*) in the compliance overview. Indian Siam (option to Lt. Siam) and Tangerine (option to Sun) conform to all CLEAR-lists.

MAISON MARGIELA FOR SWAROVSKI

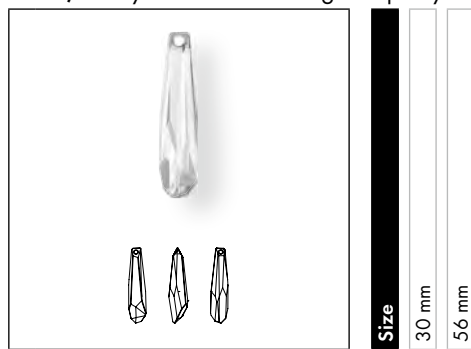

Crystalactite Pendants

Since 1988, Paris-based Maison Margiela has become famous for its collaborative team-led approach and its avant-garde transformation of classic designs. In July 2013, it presented the *Maison Margiela Crystalactite for Swarovski* at its Paris Haute Couture show. These were groundbreaking Crystal Fusion components inspired by natural stalactite forms and developed in creative partnership with Swarovski. Now Swarovski presents its interpretation of this innovative cut in pure crystal – the *Crystalactite Pendant*. Featuring a progressive aesthetic combining partly frosted facets with primeval, irregular

icicle shapes, the vision that originated in our wildest landscapes has now been perfected by one of the most sophisticated design houses. Together with an easy-to-apply hole at the top, the Grand and Petite Pendants offer myriad design possibilities for strong, contemporary designs, and for recreating haute-couture looks.

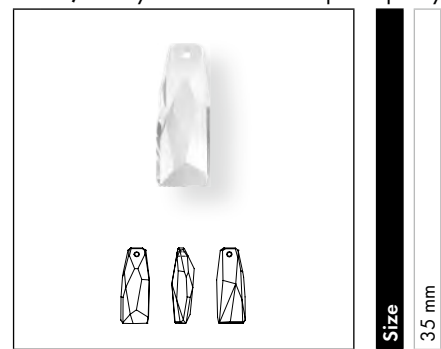

“Naturally and spontaneously, an imposing crystal emerges from its raw, stony origin, patiently growing into its iconic stalactite shape.”

“LOVE STORY OF THE HEART” BY MANISH ARORA

Since the beginning of his international career, the award winning, Delhi-based designer Manish Arora has worked creatively with Swarovski. In 2009, he created a memorable collection of crystalline Transfers. One year later, India’s best loved and most prolific design talent renewed his partnership with Swarovski and created a special collection of heart-shaped crystal pendants, which were launched in February 2011. Each individual piece is an expression of love’s different emotional state and is named accordingly.

The partnership with Manish Arora is symbolic of how Swarovski engages in mutually rewarding creative partnerships with the world’s best and brightest design spirits.

“The heart shape is very close to me because it is the universal symbol of love. I wanted to bring this symbol to life by creating a collection of crystal pendants and I hope people will wear them as a personal expression of the beauty and purity of this emotion,” Manish Arora

OCEAN MYSTERIES DESIGNED
BY CÉLINE COUSTEAU

Design Story: A love for the sea runs through her veins: Céline Cousteau is a celebrated filmmaker, humanitarian, and environmentalist, and, as it so happens, the granddaughter of legendary ocean explorer Jacques Yves Cousteau. She presents her first ever crystal designs for Swarovski, inspired by one of her favorite places, the depths of the ocean. Taking inspiration from nature itself

and leaving its beauty unaltered, her stunningly life-like creatures are not only captivating and spellbinding, they also draw attention toward the mysterious, mostly unseen, and unexplored world beneath the ocean's surface on which all ocean life depends. These mysteries need to be protected for future generations, both above and below the water.

TRIBUTE TO TRIBE COLLECTION DESIGNED BY CÉLINE COUSTEAU

Design Story: Céline Cousteau, the granddaughter of legendary ocean explorer Jacques-Yves Cousteau, is a celebrated filmmaker, environmentalist, and like Daniel Swarovski a genuine humanitarian. Having been raised with a deep-rooted respect for our planet and all its inhabitants – both in the water and on the land – Céline Cousteau recently took up a project in the Brazilian Amazon region, where she has become an ambassador for an indigenous tribe of roughly 6,000 people living in an area the size of Austria. These tribe members – about

one-third of them considered “uncontacted” – have chosen Céline Cousteau to tell their story.

Her designs are inspired by tribal patterns either painted or tattooed on bare skin. They are symbolic of a pristine coexistence with nature and as such are part of a long tradition in which it has always been natural for man to decorate himself, be it for reasons of aesthetics, status, or celebration.

KAPUTT DESIGNED BY JEAN PAUL GAULTIER

Design Story: While the whole world strives for perfection, Swarovski discovers the beauty of imperfection, guided and inspired by none other than design legend Jean Paul Gaultier. Together with Swarovski's own trend, design and product management experts, Gaultier developed the spectacular Kaputt Collection exclusively for Swarovski. Like its name, the German word for "broken," already suggests, the collection presents a technological innovation that deliberately breaks with convention. It celebrates the appeal of being different and unpredictable, which, according to the designer, is much more exciting than the precise and perfect.

Description: Broken and raw, but elegant at the same time, the Kaputt design captivates with distinctively irregular, partly unpolished, or frosted surfaces that give it an all natural, almost meteoritic appearance. It comes in rich, shimmering metallic colors as well as classics, such as Crystal and GSHA, and boasts the famous Jean Paul Gaultier logo as a laser engraving.

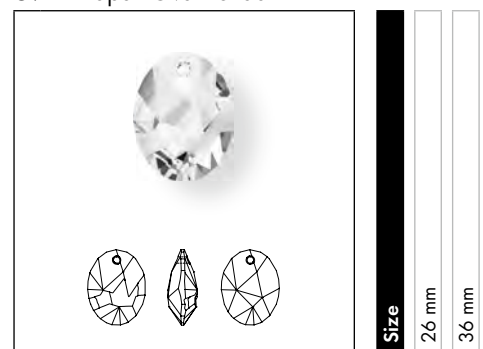

Look: In a world of flawless, artificial beauty, Kaputt mirrors the attractiveness of irregular, natural surfaces for a down-to-earth look that is both rock and chic.

¹ For details about the protective coating, please refer to the chapter 'Basic Information'.

² The Setting 4921/S for article 4921 can also be used for article 4920

³ The Setting 4923/S for article 4923 can also be used for article 4922

⁴ The Setting 4925/S for article 4925 can also be used for article 4924

YOKO ONO

Yoko Ono is a multi-media artist whose thought provoking work challenges people's understanding of art and the world around them.

Her work as a conceptualist has encompassed performance, instructions, film, music, writing, and now jewelry inspiration for Swarovski.

Born in Tokyo in 1933, she moved to New York in 1953, where she became part of the city's vibrant avant-garde scene. She went on to perform and exhibit what have now become legendary works in the history of contemporary art, including her famous 1969 collaboration, *Bed-In*, with husband John Lennon.

She has had numerous exhibitions in museums, and in 2009, received the Golden Lion for Lifetime Achievement from the Venice Biennale. In 2011 Ono was honored with the prestigious 8th Hiroshima Art Prize for her dedicated peace activism, and in 2012 received the Oskar Kokoschka Prize in Vienna.

THE COOPERATION

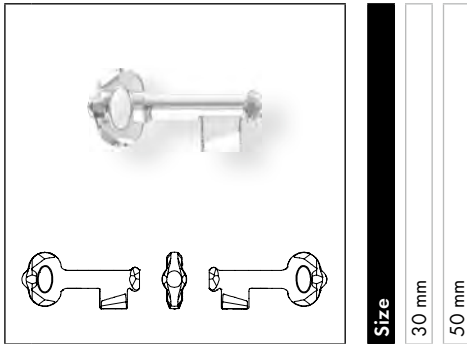

A memorable key-shaped crystal pendant, inspired by Yoko Ono, has been designed for Swarovski. The design itself is a technical masterwork and tells us a wonderful story around the symbol key.

THE STORY

**"Imagine a key that unlocks the door
to the forest with its secrets,
to the sky with its peacefulness,
to the universe with its infinity,
to a future with the promise of a better life."
Yoko Ono**

This concept by Yoko Ono has been created as a crystal "KEY TO OPEN THE FOREST" exclusively for our Swarovski collection. It embodies the spirits of earth and sky, and reflects the multiple colors of nature. "Make a promise to a tree. Ask it to be passed on to other trees." When you wear it you will be sharing Yoko's dream of peaceful interaction with the world around you. "Whisper your dream to a cloud. Ask the cloud to remember it." A memorable key-shaped crystal pendant, inspired by Yoko Ono, has been designed for Swarovski. The design itself is a technical masterwork and tells us a wonderful story around the symbol key.
